Front-end Challenges

Ask Buddie's challenges are to help beginners to gain experience in development and make their portfolio strong.

Challenge: Landing Page
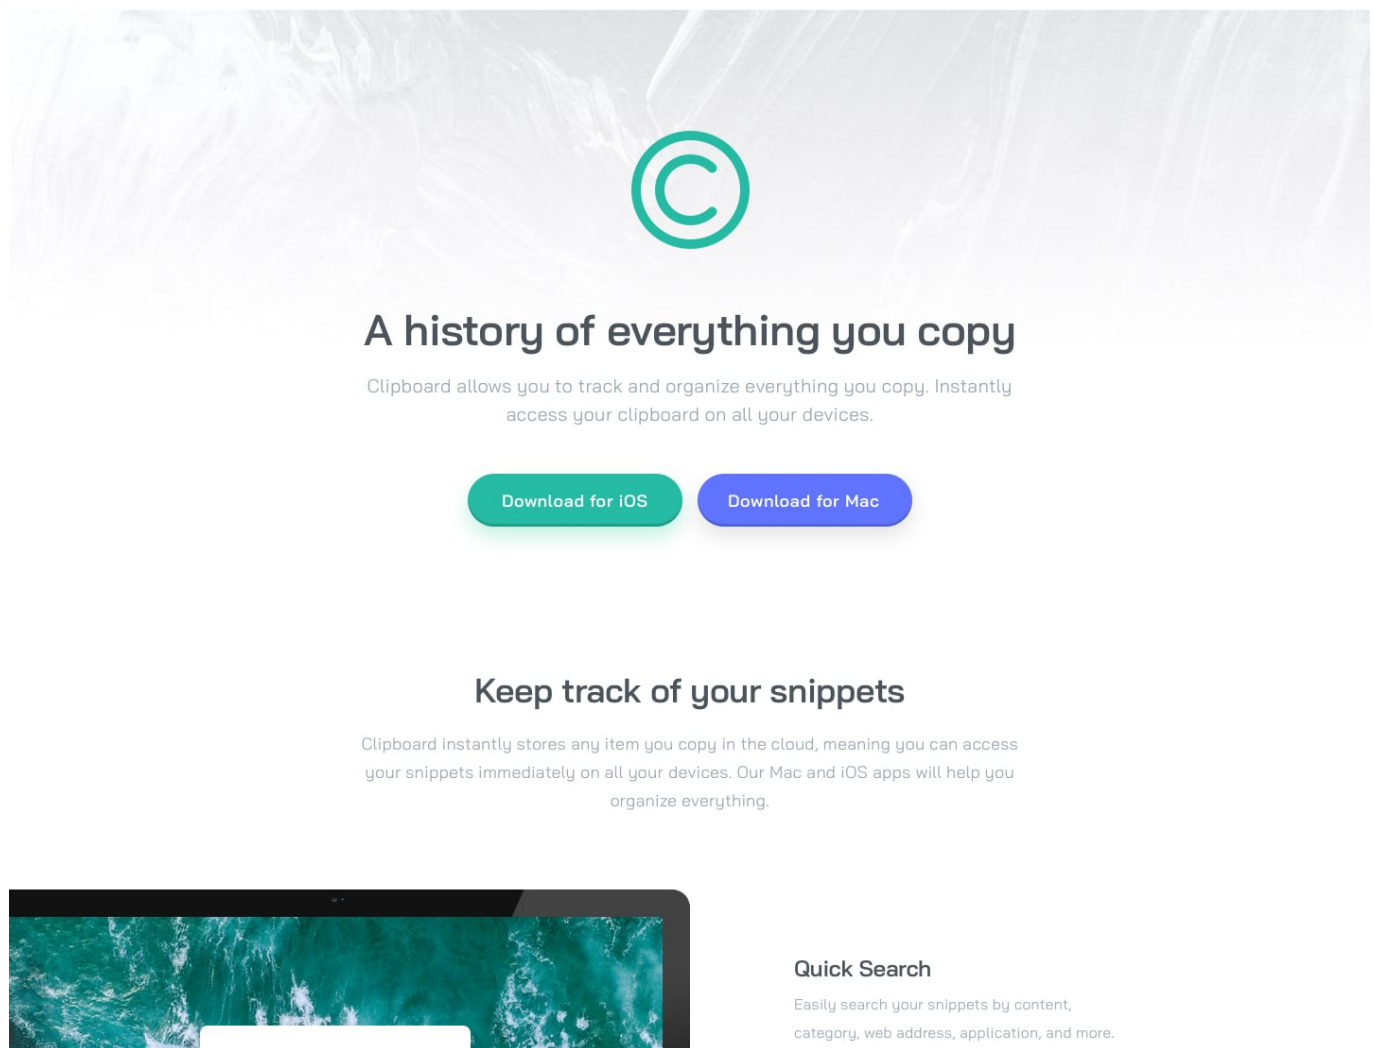

Description

The idea behind this task is to give you a basic concept of landing page that everyone will have to create in real world project. You will find the details about the task below. Please follow as per instructed.

Requirements

- Use plain HTML & CSS only.
- The HTML markup should be a valid HTML5 structure.
Design

Desktop

iCloud Sync

Instantly saves and syncs snippets across all your devices.

Complete History

Retrieve any snippets from the first moment you started using the app.

Access Clipboard anywhere

Whether you're on the go, or at your computer, you can access all your Clipboard snippets in a few simple clicks.

Supercharge your workflow

We've got the tools to boost your productivity.

Create blacklists

Ensure sensitive information never makes its way to your clipboard by excluding certain sources.

Plain text snippets

Remove unwanted formatting from copied text for a consistent look.

Sneak preview

Quick preview of all snippets on your Clipboard for easy access.

Google   IBM   Microsoft   Hewlett Packard Enterprise   VECTOR GRAPHICS

Clipboard for iOS and Mac OS

Available for free on the App Store. Download for Mac or iOS, sync with iCloud and
you're ready to start adding to your clipboard.
